INFORMATION LETTER

Dear education professionals - scientists, professors, teachers, methodologists and young researchers!

We are pleased to invite you to participate in the International Scientific and Practical Conference «**Conceptual foundations of the National Integrated System for assessing students' learning achievements and ways of its implementation**», which will be held on **October 3-4, 2025 at the Ybyrai Altynsarin National Academy of Education in Astana (Republic of Kazakhstan)** within the framework of the scientific and technical program under program-targeted financing «**Conceptual foundations of the National Integrated Assessment System** » (BR21882300, 2023-2025).

The aim of the conference is to discuss and summarize the conceptual foundations and mechanisms for improving the quality of school education based on a national integrated assessment system. It also seeks to create a platform for the exchange of scientific achievements and practical experience among researchers, practitioners, and experts in this field by enhancing assessment content and mechanisms.

The following sections are proposed for discussion:

Section 1. Use of digital platforms for assessment: international and Kazakhstani experience.

Section 2. Integration and effectiveness of internal and external assessment on digital platforms: the future of the Kazakhstani assessment system.

Section 3. The relationship between external and internal assessment: challenges and solutions for school education.

Sub-section 3.1 Assessment in humanities and social sciences: content and practical implementation.

Sub-section 3.2 Assessment in natural sciences and mathematics: content and practical implementation.

Participation terms:

1. Participation in the conference is free of charge.
